DETAILED ACTION

Response to Amendment

This Office Action is in response to applicant's amendment filed on October 31, 2006.

Claims 1-10 have been cancelled. Claims 11-13 are newly added.

Allowable Subject Matter

Claims 11-13 are allowed.

The following is an examiner's statement of reasons for allowance: the art of record when considered alone or in combination neither renders obvious a method for assisting a mother in helping a baby latch onto her breast having a nipple surrounded by an areola, comprising the steps of:

- (a) providing a device with a pair of outwardly and oppositely bowed fingers adapted to apply and equalized force on opposite sides of a portion of a breast centered on a nipple and spaced behind the nipple, said device having means for holding said fingers in selected spaced apart position compressing the breast into a V-shaped wedge and making the areola into an oval;
- (b) applying said outwardly and oppositely bowed fingers to a breast behind the nipple;
- (c) positioning a baby so that its lips are generally parallel with a long axis of a V-shaped wedge of breast compressed by the device; and
- (d) allowing a baby to latch onto a breast with areola flattened by the device into an oval accommodating insertion into a baby's mouth.

Art Unit: 3743

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
